WHAT IS A CHROMAZONE

ChromaZones are results oriented color meetings. ChromaZone meetings have a color workshop and many events (but not all of them) have a local guest presenting myriad subjects from design to marketing to business. Workshops are fast paced and energetic. Attendees will present and discuss their colors and stories and as the day progresses, the colors will be narrowed to a final forecast. ChromaZone Forecasts from each event will be available in digital format with notations together with a Written Report.

Although ChromaZone Workshops are held regionally, the information gathered will become part of the broader color work that takes place during CMG's annual [North American International Summit](#) (details available on CMG's web site). Here you will see the comparisons of all of the ChromaZone meetings AND hear full presentations from Asia/Pacific, Europe and Latin America. Also, color tools from these international meetings will be distributed only at the North American International Summit.

You do NOT need to be a member of CMG to participate. ChromaZone events are open to current, former, and Non CMG members. We are also inviting members of related professional organizations, education and media. Simply return the ChromaZone Registration form to sgriffis@colormarketing.org.

To find out more contact Sharon Griffis, Executive Director on 703.329.8500 or e-mail sgriffis@colormarketing.org.
