MAXIMIZE your BLUES!

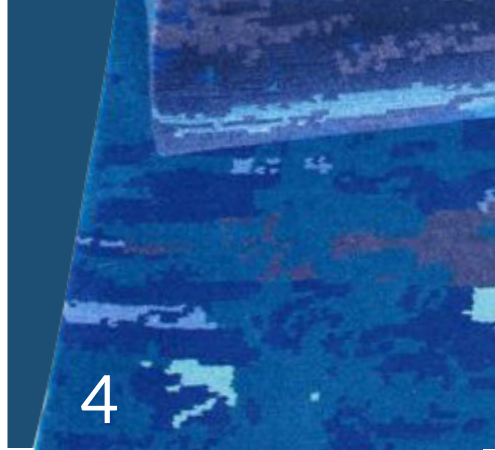

Assurance (NA), Portal Blue (EU), and Blue Elephant (APAC) are beautiful, each and every one, and they are stunning together. As they burst from monochrome combinations, connect with other hues, and wear different finishes they soar beyond simply being blue.

A gleam of blue polished, curved metal adds a sensuous note and becoming part of a trio of storage units or side chairs creates a light-hearted touch. Blue serves as a perfect ground on which other colors can play, combining blue with yellow, orange, red, and green, adds dimension in pottery, rugs, and patterns.

And of course there is white, whether in fashion, tableware, textiles, or giftware the combination of blue and white is crisp, classic, and modern.
