Sizzle

POP! BANG! It's time to SIZZLE!

Celebrate the end of the year, and the coming new decade, with **Sizzle**!

Celebrating “joie de vivre,” **Sizzle** is a color immersed in the experience of NOW! It has the power to recharge and rejuvenate the spirit, and with a slight blue influence, it can hover between hot pink and fuchsia. But whatever the influence, **Sizzle** is a color for everyone, and anytime, because **Sizzle's** powerful pink transcends boundaries.

Sizzle is a take-charge color in fashion with attitude that puts pink front and center, and the wearer in control. **Sizzle's** power and strength emerge from its sense of personal elation. From casual and sportswear to formal and business wear, **Sizzle** will adorn everything from polo shirts to uni-colored ensembles.

Sizzle will add joyful jolts to interior spaces, as well, creating a splash of cheekiness on accent walls, moments of happiness in accent furnishings and home accessories, and becoming a key textile color in textured solids and prints. In addition to interior design, **Sizzle** makes a powerful statement on personal electronics and small accessories, and will be seen on gemstones.

Full on color, textured, mixed with other hues, no matter how you do it, live life to the fullest, and **Sizzle** your way into the new year!
